Docket No. R2001-1

**Major Mailers Association's Notice Regarding
Filing Of Library Reference MMA-LR-J-1**

Major Mailers Association gives notice that it has filed the following Category 2
Library Reference:

**MMA-LR-J-1 Derivation of Automation Letter Workshare Cost Savings
Using the Commission's Docket No. R00-1 Methodology for
Mail Processing Costs and Corrected Single Piece Metered
Mail Delivery Costs as a Proxy for BMM Delivery Costs**

This library reference shows the derivation of workshare cost savings for each First-Class Automation rate category. This analysis uses the Commission's methodology from Docket No. R2000-1 for estimating workshare-related unit mail processing costs. For unit delivery cost, this analysis uses a corrected version of USPS-LR-J-117 and assumes that delivery costs for single piece metered mail is an appropriate proxy for the BMM benchmark. The principal sources of input data for this library reference are Library References USPS-LR-J-84 and MMA-J-2. An electronic copy of this library reference is being filed with the Commission.

Respectfully submitted,

Major Mailers Association
